

Back-to-School Shots

Vaccines help protect your child against serious diseases.

Depending on your child's grade, he or she may need the following immunizations:

- ✓ DTaP (diphtheria-tetanus-pertussis) or Td (tetanus-diphtheria)
- ✓ IPV (polio)
- ✓ MMR (measles-mumps-rubella)
- ✓ Hepatitis B and A
- ✓ Varicella (chickenpox)

Certain vaccines are required in order for your child to attend school.
